DETAILED ACTION

The Amendment, filed on February 9, 2004 has been entered and overcomes the rejection of claims 1-10, under 35 U.S.C. § 103(a).

Cancellation of claims 11-13 has been entered.

The new drawing of Fig.7 has been entered and is approved by the examiner.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Hsu on October 14, 2004.

The application has been amended as follows:

In the Specification

The following new section has been inserted in page 3 after section [0018].

--Fig. 7 is a schematic diagram of the backlight unit with the luminous source and the diffuser having region with greater diffusion effect closer to the luminous means according to the present invention.--

Page 5, section [0022], line 10 'the present invention' has been replaced with --the present invention as shown in Fig. 7--.

Allowable Subject Matter

Claims 1-10 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the backlight unit having the combination of the limitations as set forth in claim 1, and specifically comprising the limitations of diffuser composed of liquid crystal molecules and polymers comprising plurality of regions with different diffusion effects and the region with greater diffusion effect being closer to the luminous means than that with smaller diffusion effect.

Regarding claims 2-10, claims 2-10 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
